Hercules
Estate Management Ltd

Who we are, what we offer

Hercules Estate Management quickly and significantly maintain and improve grounds and estates. Providing a range of professionally tailored services, we pride ourselves in being one of the top grounds and estate maintenance service providers in the industry.

We transform dim and dingy into sparkling and bright making sure your environment feels good to be in.

Hercules
Estate Management Ltd

Who we are, what we offer

We aim to provide you with worry-free communal cleaning and grounds maintenance.

Hercules
Estate Management Ltd

Our Services

Communal Cleaning and Grounds Maintenance

Looking after the interior of your block can be a bit hit and miss, and with one company carrying out the cleaning and another carrying out the garden maintenance, it can also be time consuming for the residents association. That's where we can help. We can carry out all your cleaning and gardening needs, so you only have to deal with one company.

We also offer a competitive price, because we can carry out the cleaning and ground maintenance at the same time, we can pass that saving onto you.

Hercules
Estate Management Ltd

How we work

On successfully tendering for a contract we assign an experienced contract manager to supervise the implementation of the contract specification.

It is a key responsibility of the contract manager to maintain high service standards by conducting regular quality audits.

We will actively manage your account and communicate with you regularly to give reassurance that everything in your grounds is being maintained.

We will regularly review each contract to ensure you are completely satisfied with our services.

All proposals include a full pricing schedule with details of the services being offered and frequencies etc.

Hercules
Estate Management Ltd

How we work

Our maintenance services are individually tailored to suit your requirements, whether it's on a daily, weekly, fortnightly or more infrequent basis.

Typically a contract for communal cleaning and grounds maintenance would necessitate: Vacuuming, mopping, dusting, bin room maintenance, light bulb or tube replacement, lawn mowing, weeding.

Exactly what service is provided is determined by the specification agreed with the customer.

Carpet cleaning is a popular 'add-on' with communal cleaning as well as vacuuming the hallway and stairs we can steam clean the carpet for that added freshen up.

You can also add on jet washing so that all hard surface areas are periodically power washed, such as patios, paths and refuse areas.
